

Although we do seem to have Covid in retreat (for the time being at least) it has claimed one more victim in the form of the Farmyard Party. June was always going to be a touch-and-go month this year, so it wasn't too much of a surprise. However, there are plenty of other MAG events going ahead this summer (see below) so please make sure you give them some support – it'll be appreciated.

Join the club

Are you in a bike club? Do you have MAG Club Affiliation? Clubs can affiliate to MAG for as little as £30 a year; a small price to pay for the benefits received, including exposure on our social media feed. Affiliated club benefits include:

- Receiving a 'to share' copy of our bi-monthly magazine, The ROAD.
- Discounted public liability insurance (PLI) via our insurer.
- Reciprocal link to your website and social media.
- Listing of your events in our magazine, and on our social media and website.
- Club members upgrading to a full individual MAG membership receive a £5 discount on their first year.

Your club affiliation can start on a date to suit you. Many clubs choose to renew in alignment with their AGM. Selina Lavender, MAG's National Chair, says: *"Club affiliation is an important aspect of MAG membership. Riders may think of MAG as an organisation for individuals; however, we also offer club affiliation. Not all clubs need a 'one size fits all' package so our affiliation scheme offers add-ons such as PLI. MAG benefits through engagement with the wider riding community, and the numbers it can genuinely claim to represent. When speaking to politicians and decision makers, numbers really count. No matter the size of your club, this is important to us as it makes a real difference."*

A spokesperson for one affiliated club said: *"Riders' issues are very important to us and we know that we need to be part of something bigger to get the message across. We also know that protecting freedom isn't free. Through affiliation we help to fund MAG, which ensures that the rider's voice will be heard."*

Whether you are a motorcycle, scooter, sidecar or trike club, find out more about our club affiliation scheme by visiting our website <https://www.mag-uk.org/affiliated-clubs/> contacting MAG's Central Office at central-office@mag-uk.org, or telephone 01926 844064 during office hours.

Cyclist improves bicycle

What do you get when Yorkshire frugality meets British ingenuity? A hefty fine, it seems.

Lee Middleton, from Brotton, North Yorkshire, grew tired of slogging up the hills around his village on his bicycle but couldn't afford one of the flashy electric models you see about these days. So instead he fitted a small petrol engine from a remote-controlled car to drive his back wheel. He was stopped by the police when they heard the racket it was making and charged with having no licence, no insurance and no helmet as well as having his bike confiscated. Teesside magistrates subsequently

fined him £239 with costs and gave him 8 penalty points. Lee later said *"it's all right for those who can afford electric bikes to go whizzing all over the place, but I had to improvise and I've been persecuted because of it"*.

He didn't seem to realise that what he'd built was an actual motorcycle. Only in Yorkshire.

Signs of hope for Harley

Anecdotally it seems to be a sellers' market for bikes at the moment. Although there are many people who've had a lean time of it this past year, there are also many others who are sitting on substantial lockdown savings (it builds up when you can't go on holiday or even down the pub). So, after six years of decline, Harley sales in the USA have risen by around a third in the first quarter of this year, sending the share price up by almost 10%. So far this increase in sales hasn't been repeated in Europe but the signs are hopeful.
